**Attachments:** Minntac Master DMR Short.xlsx

Here is the last data dump that I got from MPCA. You can see that they stopped monitoring at sd002 in 2010 when the SC&R was installed. (not the same as finding that there is no flow there)

Krista,

This file has been updated with the most recent data, including the Twin Lakes Monitoring, but I haven't gone through and checked or updated any of the summary calculations associated with the data, so be aware of that.

Let me know if you have any questions.

Erik

Hi Erik,

Do you have an update of the spreadsheet you sent via the string below, called "minntac master DMR short.xls"? if so could I have a copy of it?

Krista,  
See attached.

Erik

**Subject:** Minntac data through present

Hi Erik,

About a year ago you sent me a spreadsheet that compiles all of the DMR and SOC data relevant to the McIntac tailings basin. Can I please have an up-to-date version of this?

Thanks,  
Krista
